OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE,

No 6348 / 354

Bangalore, 7th December *1912*

From M. Shama Rao, Esq , M.A.,
Offg *Inspector-General of Education in Mysore.*

To
K.R. Srinivasiengar, Esq., M A.,
Offg Secretary to the Government of His Highness
the Maharaja of Mysore, Cencral & Revenue Departments.

SIR,

With reference to Government order No.7477-8/Ml.294-07-2 dated 30th January 1908 sanctioning the reservation of a larger area than 5 acres of land at Mysore out of block No 88 in the V drainage area of the City to the South of the southernmost 100 feet Road for the construction of a Normal School at Mysore, I have the honour to inform you that the Chairman of the City Improvement Trust Board who was requested to set apart the whole of the ground situated between the 100 feet Road, the Viceroy Road and the Chetnahalli Road for the requirements of the Normal School, states that no more land can possibly be made available for the purpose than the five acres, the extent already reported to Government as having been reserved for the purpose To meet the varied requirements of the Institution ten

separate

separate blocks of buildings as given below will have to be erected -

1. Main Block containing class Rooms, Library, Reading Room, Office &c.
2 Laboratory and Nature Study Museum
3 Art Room
4. Manual Training Workshop
5 Hindu Practising School
6. Mahomedan Practising School
7. Hindu Students Home
8. Mahomedan Students' Home
9. Quarters for the Head Master
10 Quarters for the Superintendent of the Hostel

2. The plot of ground measuring 5 acres now set apart by the City Improvement Trust Board is not at all sufficient for the buildings referred to above If the whole plot of ground situated between the three roads referred to above can be set apart the needs of the Institution can be satisfactorily met I understand that the larger portion of the plot to the east and south is reserved for building quarters for the Palace servants. Such dwelling houses in close proximity to the school are not desirable from the Sanitary point of view. The school should be sufficiently close to the City, otherwise young children will find it difficult to attend the Practising Schools and there is no other site suitable for the purpose close to the City Under these circumstances I request that Government may be so good as to set apart the whole of the plot of ground situated between the 100 feet Road, the Viceroy Road and the Chetnahalli Road for

for ~~erecting~~ erecting buildings for the Normal School at Mysore. If however the whole plot cannot be reserved for the purpose some other site will have to be selected but I doubt if Government vacant site will be readily available.

I have the honour to be,

Sir,

Your most obedient servant,

Offg Inspector General.

Sir,

With reference to your letter No.5191-Ml.211-12-2 dated the 18th January 1913 forwarding a copy of a letter from the Inspector General of Education stating that the entire plot of ground between the Hundred Feet Road, the Viceroy Road and the Chatnahalli Road may be reserved for the purposes of the Normal School, I have the honour to state that the requirement for the School was informed to the Controller, Palace Department, and a proposal was also made for allotting for the use of the Palace servants, in lieu of the original plot of ground, the land covered by the dry fields known as "Wavinthota" measuring about 10 acres and 15 guntas which is shown in the accompanying sketch and the acquisition whereof has been sanctioned in Government Order No.3842-7/Ml.81-10-39 dated the 29th November 1912. In reply, the Palace Controller wrote to say that the newly proposed land was unsuited for Palace purposes, and that the entire ground originally allotted for the Palace requirements was absolutely necessary and that arrangements were being made to utilize the same forthwith. A copy of the Palace Controller's D.O.letter No.927 dated the 10th February 1913 is enclosed herein together with copy of the Resolution No.FIF dated the
